of Ohio

MEMBER DISPLAY

Thank you for your membership in ACEC Ohio. As part of our new membership packet, we are enclosing an ACEC Ohio member display for your use, whether it be at tradeshow or around the office. This new display offers versatility with two options, magnets or an easel, both of which are already attached to the back of your display.

How to use the Magnets:

If you choose to use the magnets, there are two attached on the back. You can place your display on one side of an object and place the two magnetic pieces on the other side or simply remove the two pieces and place it on a magnetic surface. *Display on a trade show backdrop, banner or at the office.*

How to use the Easel:

If you choose to use the easel portion, you will see it on the back and will simply fold the edges together. *Display in the office lobby or at a trade show table.*
