

2025 ACEC Ohio Engineering Excellence Awards Call for Entries Now Available

We are now accepting entries for our 2025 Engineering Excellence Awards. The Engineering Excellence Awards program recognizes exceptional ideas and innovations in engineering by showcasing your successful projects to a statewide audience of clients, industry leaders, and decision-makers.

You can find the 2025 EEA Call for Entries [HERE](#) with the deadline for submission on **November 7, 2024**. As you review your recently completed projects, please consider entering at least one of them in the competition. Projects substantially completed and ready for use between November 1, 2022, and October 31, 2024, are eligible for entry.

ACEC Ohio would like to know if your firm is planning to submit a project(s) to the 2025 Engineering Excellence Awards competition. This year we ask firms to please complete an "Intent to Submit" online form. The form will take less than five minutes. The form is for planning purposes only; it does not commit your firm to enter. Please complete this survey by **September 20**.

Click [here](#) to fill out the intent to submit form.

Don't forget ACEC Ohio offers our members a discounted rate for printing your foam boards through Hopkins Printing. If you're interested in using this service, please reach out to Rachel Vogel at 614-324-4286 or via email at rvogel@hopkinsprinting.com. Rates include shipping to ACEC Ohio offices. Ideally, Hopkins would like to have your artwork by **October 25, 2024**.

[ONLINE SUBMISSION PORTAL](#)

All projects will be submitted through an online portal. The portal allows you to work on an entry over time.

We have also put together a list of frequently asked questions.

Click [here](#) to view our EEA resources page.

If you have any questions about submitting your entry, please contact Haley Phillippi at (614) 487-8844 or haley.phillippi@acecoho.org.
